Verse 2
 Any chance that I could have something to drink?
 Any chance that I could have something to drink?
 Walking around here looking for something
 I can get fucked up on absolutely anything
 I'll sweep you off your feet and you will fall apart
 Sweep you off the floor, god you're drunk again
 Find it in the light that's somebody else's heart
 Why don't you stay?

Verse 3
 Looking at the stars I have you to myself
 Looking at the stars I have you to myself
 Standing here with you and thinking of someone else
 Standing here with you and thinking of someone else
 Blanket on my back I'm cold, I'm cold again
 Try'na see your eyes, they'll make me warm again
 Smile in the smoke, try'na find something to say
 Why don't you stay?
